

# Don't Wait to Take Action!

## Here are 10 Things Santa Suggests That You Do To STOP GLOBAL WARMING

1. **Contact your US Senators.** Tell them that the United States needs to take action now to reduce greenhouse gas pollution. Urge them to co-sponsor the bipartisan **McCain-Lieberman Bill** that would begin reducing US emissions.
2. Take the **Campaign Earth Monthly challenge** at [www.campaignearth.org](http://www.campaignearth.org). Reduce junk mail, inflate your tires, recycle, support local farmers and more!
3. **Get efficient!** Switch to compact fluorescent light bulbs and low flow showerheads, **buy efficient appliances!** For more information visit [www.energystar.gov](http://www.energystar.gov)
4. Next time your family buys a car, purchase one with new technology (like a hybrid) that produces less greenhouse gas emissions. See [www.fueleconomy.gov](http://www.fueleconomy.gov) for more information.
5. **Contact your Governor.** Tell them that your state needs to take actions like requiring increasing the percentages of energy produced by **renewable sources** to stop global warming. Go to [www.ucsusa.org](http://www.ucsusa.org) for more information.
6. **Invite a Green House Network speaker** to come give a presentation about clean energy solutions to global warming at your church or synagogue, college, or business group. More information is at [www.greenhousenet.org](http://www.greenhousenet.org)
7. **Contact the Mayor of your town.** Urge them to join hundreds of other communities in **Cities for Climate Protection** (at [www.iclei.org/co2](http://www.iclei.org/co2)), and begin reducing greenhouse gas pollution locally.
8. **Contact the United States President** and urge international cooperation to combat climate change. Also see 'Toward a Real Kyoto Protocol' at [www.heatisonline.org](http://www.heatisonline.org).
9. Join with thousands of other concerned citizens and **bring a team of friends to the Race to Stop Global Warming** in your town. Have fun and send a message at the same time. For more, visit [www.racetostopglobalwarming.org](http://www.racetostopglobalwarming.org)
10. **Get creative! Start an Artists Respond to Global Warming project** in your community. Visit [www.greenhousenet.org/NWAR](http://www.greenhousenet.org/NWAR) for more information
